Feria Internacional de la Habana 2017

FIHAV (30.10-3.11.2017) is the most important general Trade Fair in Cuba and the Caribbean, as well as one of the most representative in Latin America. It takes place annually since 1983.

All sectors of the Cuban economy will take part in FIHAV. The Fair brings together the most complete national and international trade exhibition and enables exhibitors and professional visitors to establish commercial contacts and to close business operations.

MAIN CATEGORIES

Multi-sector Trade Fair with emphasis on Cleantech, Construction (ports, airports etc.), Machinery and Equipment, Technology and Services.

FOREIGN INVESTMENT LAW

Cuba adopted a new Foreign Investment Law 2014, which together with Special Economic Development Zone of Mariel and its Container Terminal closely associate Cuba to international trade. Several Cuban institutions (CEPEC, Chamber of Commerce, MINCEX, Cubaexport) are working on strengthening the Cuban export and on attracting foreign investment in Cuba. In particular, Cleantech and Construction know-how have a huge demand in Cuba's transition to a new era.
